

Concrete Hopper

Concrete Hopper - This attachment is a self-dumping hopper which automatically activates to dump as soon as bumper release touches the side of a dumpster. As soon as dumping is done, the hopper returns to an upright and locked position. This piece of equipment is likewise offered along with a cable which allows operation from the seat of the lift truck so as to have the choice of manually unloading the hopper. There is a locking chain provided so as to secure the hopper to the tine truck. This particular product is made with reliable and consistent robotic welds for maximum strength. The lift truck dumping hopper even has a blue powder coat finish to be able to maintain durability.
