

Advance-Nilfisk Part

Advance-Nilfisk Parts - Think about how tedious it will actually be to tidy up your very own house right after having a large party, without help from cleaning equipment. Back in the day, the time upholstery and carpets had the dust beat out of them manually; brooms, cleaning cloths and brushes were the state-of-the-art cleaning supplies back then.

P.A. Fisker, the founder of Nilfisk-Advance, was an electrical engineer who really loved working with electrical motors. Establishing the business in 1906, he began to make motors in order to drive machine tools, coffee grinders, drills and fans. Mr. Fisker's dream from the start was to have a worldwide business marketing merchandise internationally.

The Nilfisk C1 was a tremendous breakthrough for the cleaning industry. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and can be operated by one person. This invention came in a time where other cleaning equipment were massive and required at least 4 operators, therefore, the Nilfisk C1 transformed everything and developed the way we clean forever. The genius behind these very first cleaning machines remains unparalleled. Cleaning machines offer a brilliant solution to an existing dilemma; stuff get dirty and should be cleaned regularly, without too much effort.

Gradually but progressively, Nilfisk-Advance grew all through the decades. During the 1980s, this development actually happened the time the company became a part of the NKT Group. Their new owners' drive and motivation made Nilfisk-Advance take a huge leap forward within the industry, aiming to be one of the biggest universal players in the market of professional cleaning equipment. Nilfisk-Advance is presently located in all parts of the globe due to steadily obtaining lots of smaller businesses so as to grow their product portfolio and presence in new markets. They are proud to provide a range of cleaning solutions to suit each need.
