

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of every international industry. Transporting industrial goods happens each and every day on our hectic world. Originally innovated as industrial vehicles during the 1930s in the United States, forklifts gained recognition following WWII during the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these machinery spread worldwide.

Initially established as Toyo Carrier Manufacturing Company Limited, in the year 1949, the business was later renamed Toyo Umpanki Co. before becoming known as the TCM Corporation. Founded by Mr. N. Niwa manufactured Japan's very first lift truck. Over the years, TCM forklifts have become an international leader in lift truck manufacturing and have built a solid reputation with the trade. TCM began constructing forklift manufacturing sites outside of Japan in the 1980s and is currently engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

With over 50 years of accumulated technology and expertise, TCM has been proudly manufacturing several models of industrial forklifts, making their models known all over the globe. With a strong and energetic employees, TCM has been able to constantly work towards becoming a future leading material handling company.
